Fron-end Web developer and Android Developer Currently Sales
Representative at MetroPCS
Bronx, New York

Summary

My experience has mainly been from the courses I have taken on Udacity and tutorials that I've taken online I will keep developing my skills as an android developer at the moment I'm taking multiple courses for Front-end web development as well.

I want to be a developer capable of creating a website and creating the app for the website i wish to have the necessary skills to take on more challenges and bigger projects.
